

**Brandeis**

INTERNATIONAL  
BUSINESS SCHOOL

# Master of Science in Business Analytics (MSBA)

## **ABOUT BRANDEIS INTERNATIONAL BUSINESS SCHOOL**

By teaching rigorous business, finance and economics with a global perspective, Brandeis International Business School prepares students to succeed in companies and organizations worldwide. The school is part of Brandeis University, a medium-sized private research university ranked among the most selective by U.S. News and World Report. Students have unsurpassed access to renowned faculty and a global network of more than 60,000 alumni in 160 countries.

# Master of Science in Business Analytics (MSBA)

An MSBA degree from Brandeis International Business School equips students to transform data into actionable insights. Students learn data management and pre-processing, management-oriented visualization, data structures and analysis, selected machine learning methods and predictive modeling. They build models and execute analyses to address the current needs of businesses and solve real-world problems presented in cases.

## **PROGRAM OPTIONS**

All program options begin in the fall.

### **16 MONTHS**

Students complete the MSBA program in 16 months, including a required practicum.

---

### **12 MONTHS**

Students complete the MSBA program in 12 months by completing coursework in the summer.

---

### **DUAL DEGREES**

The MSBA/MA and MSBA/MBA dual degree programs can each be completed over four to five semesters. Complete either the MSBA/MA or MSBA/MBA with a combined 77 credits, instead of the 105 credits required to earn each degree independently.

---

### **PART-TIME MSBA**

Students can finish the part-time MSBA program in two to three years, taking four to five classes a year. Optimal for students with flexible schedules, as courses are held throughout the day.

**GLOBAL  
RECOGNITION**

RANKED #9 IN THE U.S. FOR  
BEST MASTER OF BUSINESS  
ANALYTICS PROGRAMS.  
(TFE TIMES, 2022)

### **SAMPLE ELECTIVE COURSES**

Applications of System Dynamics

Supply Chain Analytics

Competition and Strategy

Managing Technology and Innovation

Computer Simulation and Risk Analysis

Marketing Analytics

Social Media and Analytics

Digital Marketing

---

### **PRIMED FOR CAREER SUCCESS**

Students receive valuable guidance from the start of the program. Career Coaches, mentors and committed alumni in companies worldwide provide expertise and lifelong support for career development.

International Business School graduates have applied their analytics knowledge at companies including Deutsche Bank, Moody's Analytics, Bank of America, Merrill Lynch, JPMorgan Chase, Brown Brothers Harriman, Walker & Dunlop and BGG North America.

A photograph of three young adults sitting on a stone ledge outdoors. On the left, a young man with short dark hair, wearing a blue t-shirt and khaki pants, sits with his hands on his lap. In the center, a young woman with long blonde hair, wearing a dark sleeveless top and black leggings, sits with her hands clasped. On the right, a young woman with long braids, wearing a blue and white striped top and a floral skirt, sits with her hands gesturing as if speaking. They are all looking towards each other in conversation. The background is a blurred outdoor setting with green foliage and a stone wall.

“My focus in the program was financial analytics but there is a wide range of interests in the MSBA community: a lot of entrepreneurialism, FinTech and startups, economic/policy research. It’s nice, because you can learn from people with different interests.”

Laurence Finch, MSBA’21  
Analyst  
BlackRock

## **APPLICATION DEADLINES**

November 1

January 15

March 1

April 15

## **APPLICATION REQUIREMENTS**
